So far over 200 media products from all over the world have been submitted to the International Media Festival for Prevention 2020!

The IMFP welcomes media (e.g.: films, music videos, software, apps) on safety and health at work produced from January 2016, from national and international organizations, enterprises and institutions, as well as agencies, filmmakers or individuals.

An International Jury will come together in Toronto to determine the winners of the Media Festival from the nominated products and will award them in the presence of a large audience in the Special Media Session at the World Congress.

For more information, please contact: imfp@bgetem.de

We look forward to receiving more outstanding productions!
